### **Preparation:**

1. Bring the water to a boil in a large pot and then add the lentils and the pinch of baking soda. In the closed pot over low to medium heat - it should simmer - cook for 20 minutes.

If you want bacon to give these also come in here.
3. After 5 minutes, stir in the chopped tomatoes and let it remain in the closed pot simmer until the vegetables are just cooked.
4. Finally yet to taste with salt and pepper and serve warm.
